## 2.0 EXECUTIVE SUMMARY OF NZTR FUNDING POLICY FOR THE 2019/2020 SEASON

### Executive Summary

#### Stakes Funding

- a) NZTR will directly pay all minimum stakes levels relative to meeting categories and race classes as detailed in the matrix in Section 1 on page 8. Meeting categories remain the same as in FY19, unless otherwise advised to the affected clubs. A full list of meetings and categories is attached as Appendix Six.
- b) Group and Listed races will be funded to the minimum levels outlined in Section 2 on page 8. Upgrades and downgrades of Group and Listed races have been confirmed by the Pattern Review Committee. Upgrades and downgrades of Group and Listed confirmed by the Pattern Review Committee. Where time permitted upgraded and downgraded races receive their new Group and Listed race minimum funding.
- c) Iconic race funding of \$1,820,000 over the Group race minimums will be paid to 14 races of national significance, as per the table in Section 3, page 9.
- d) A total of \$258,500 in Country Cup funding will be paid to enable every club to have one race worth a minimum of \$20,000, or \$25,000 if their Cup or other peak race is an Open race. Section 4, page 10.
- e) Heritage race funding of \$165,000 will be paid over the minimum for races considered to have traditional importance in the New Zealand Racing Calendar. Section 5, page 11.
- f) Other race funding of \$203,000 has been allocated to miscellaneous races or race meetings. Section 6, page 12.

- i) All the above funding will be considered as part of the minimum stakes obligation for NZ thoroughbred races. NZTR's payment of minimum stakes will directly match the minimum stake paid to participants for each race. Should not all the minimum funding amount (including minimum stakes, Group and Listed, Iconic race, Country Cup, Heritage, Special interest and Other race funding) be paid to participants as stake money, then NZTR will only fund clubs up to the level of the actual funding amount paid out. This may occur in instances, for example, where the field size ends up lower than the number of place getters intended to receive stake money as per the conditions of a race.

## 7. Special interest funding

\$169,000 in special interest funding from NZTR is budgeted for this season, with each of these races requiring a minimum matched contribution from the clubs involved. This stream includes matched funding from NZTR and Auckland RC to offer \$50,000 minimum prizemoney at four of its major meetings.

## 8. Jumping races

Jumping race stakes will be paid as per the table in Appendix Three, page 26, based on meeting category, race class and the overall jumping programme.

### 3.2 CLUB AND MEETING FUNDING

The Club and meeting funding structure introduced in previous seasons will be maintained for the 2019/2020 Season. The details of this funding are covered below, with the only differences to 2018/2019 being club funding changes resulting from the movement in venues and minor changes to the conditions relating to race meeting compliance funding.

#### 9. Meeting type

Meeting type	Iconic	Premier 1	Premier 2	Feature	Tier 2 Feature	Industry Event	Industry (not event)
Funding per meeting	35,000	35,000	20,000	15,000	15,000	15,000	17,500

Clubs will receive meeting type payments as set out in the above table for each category of meeting they hold. A full list of meeting categories by date and by region and club is attached as Appendix Six and remains consistent with the 2018/2019 season.

#### 10. Venue category

Venue category			International	Strategic	Significant	Supporting	Community
Funding per meeting			15,000	15,000	12,500	10,000	7,500

In addition to the meeting funding above, clubs will receive per meeting funding dependent on the category of venue that they race at. The funding is targeted to assist venues meeting the minimum standards expected for each venue category as well as provide a minimum amount to assist all venues to conduct race meetings. A full list of all NZ thoroughbred venues and their categorisation under NZTR's Infrastructure Policy is attached as Appendix One, page 22.

#### 11. Race meeting compliance

Race meeting compliance			International	Strategic	Significant	Supporting	Community
Funding per meeting			5,000	5,000	5,000	5,000	5,000

A race meeting compliance funding amount is a key element of club funding. This funding will be dependent on clubs fulfilling information requirements in the lead-up to each race meeting.

**Half (\$2,500) of the club compliance funding payment is dependent on each club adhering to the Minimum Venue Guideline Standards for each race meeting.**

This includes complying with direct advance instruction to remedy a Minimum Venue Guideline Standard identified at a prior race meeting.

**A further one half (\$2,500) of the club compliance funding is dependent on clubs:**

- a) Filling out a Race Meeting Club Checklist for the National Racing Bureau (NRB) for each race meeting.
- b) Providing weather, track, rail position & penetrometer updates for each race meeting to the NRB on the following days and times:
  1. Nomination Day - before 9.00am
  2. Withdrawal Day - before 8.30am
  3. Two Days Prior to Meeting – 4.00pm – not required for Thursday & Friday meetings
  4. Day Prior to Meeting – before 9.00am & update before 5.00pm
  5. Race-morning - before 7.00am
- c) Submitting a short video to NZTR providing further detail of track preparation and other relevant information, two days prior to raceday, by 10.00am.

Clubs will be required to use all resources at their disposal to ensure the accuracy of this information.

Funding will be reduced by \$500 for each of the five weather and track details above not completely fulfilled, including ensuring that they have fully used their available resources to ensure accuracy of the information being submitted. If points a) or c) are not adhered to by the club, NZTR may, at its discretion, reduce part of the funding. Clubs are to liaise directly with the NRB in the event that extenuating circumstances mean that any of the above steps are unable to be completed.

It is important that club staff who will be directly responsible for completing the above tasks are made aware of this funding category and the effect on club funding if not carried out. NZTR intends to fully enforce these aspects in the 2019/2020 season.

## 12. Club compliance

Club compliance			International	Strategic	Significant	Supporting	Community
Funding per club per season			10,000	10,000	10,000	10,000	10,000

The club compliance funding stream is a one-off annual payment made to each club with a minimum of one licence scheduled in the 2019/2020 Calendar.

**Half (\$5,000) of the club compliance funding payment is dependent on each club meeting the following conditions around their annual reporting:**

- Holding an AGM and submitting a copy of the club's audited set of financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in New Zealand, annual report, approved minutes of their previous AGM and draft minutes of the most recent AGM to the NZRB and to NZTR by 31 December following the end of the club's financial year.
- The financial statements must be in the form and using accounting standards as prescribed by the NZRB. The standards that must be applied are the appropriate Public Benefit Entity Accounting Standards (PBE Standards) applicable for not-for-profit entities.
- Filing their financial statements with the Incorporated Societies Registrar after they have been submitted to and approved by the members of the committee at the AGM. The deadline for filing is the end of the month after the AGM.
- As prescribed in the NZRB Betting Licence and as part of the audit of the club's financial statements, the club must also undertake a class 4 gaming audit whether or not the club has received gaming

grants, including the auditor completing the schedule of Racing Club Class 4 Gaming Grant Receipts in the template provided by the NZRB. The class 4 gaming audit must take place at the same time as the club's accounts are audited. A copy of the class 4 gaming audit and gaming grant receipts template must be submitted to the NZRB and to NZTR by 31 December 2018 following the end of the club's financial year.

- Using a currently registered, independent and fully qualified auditor to undertake the club's financial and class 4 gaming audit.
- The auditor of the financial statements must be a qualified auditor under the meaning of the Financial Reporting Act 2013.
- The audit must be completed in accordance with the New Zealand Auditing Standards.
- Completing the liability insurance declaration and club earthquake assessment status report document sent to clubs by NZTR on a six-monthly basis and return the completed documents by the stipulated return date. The club must confirm to NZTR if they know of or are aware of any notifiable events that may trigger a claim against the various racing club group liability policies held by NZTR, including updates on previously advised notifiable events and advise NZTR of any change in status of the Local Council/Regional Council requirements around earthquake prone building assessment.
- Note that clubs will no longer be sent or required to complete the race meeting profit and loss templates.

**One quarter (\$2,500) of the compliance funding payment is dependent on submission of the club's attestation to NZTR, signed by the club Chair and Executive Manager, which confirms that:**

- The club has a Health and Safety Plan;
- The club's Health and Safety Plan is based upon the Club Resources provided by NZTR (<https://loveracing.nz/nztr/resources/health-and-safety>), or has been reviewed and approved by an appropriately qualified person;
- The club has implemented and is complying with its Health and Safety plan;
- All of the club's employees and all contractors who go onto the club's premises will be made aware of the content of the club's Health and Safety Plan and their need to comply with it (as and to the extent applicable)
- The club has appropriate (and compliant) signage at their premises.

Note: if a club's race meeting(s) is licenced as a tenant club, then the club committee may review and adopt by resolution, the host club's raceday Health and Safety Plan.

**A final one quarter (\$2,500) of the compliance funding payment is dependent on completion of an annual track management template:**

- This template must be submitted for review and approval by NZTR National Venue Inspector. The NZTR National Track Adviser can actively assist each club in the preparation of this template.
- Payment may be withheld by NZTR if determined that the annual track management plan was not substantively adhered to, unless NZTR had prior knowledge and agreed to a change in planning, or for reasons beyond the club's control.

Note: Tenant clubs (i.e. not responsible for track management) will be paid the \$2,500 Annual Track Management component provided that they meet the Financial Statements and H&S requirements.

Once confirmation that clubs have followed the correct procedures and all documents have been received by NZTR and (where required) the NZRB, NZTR will arrange for the \$10,000 payment (or part payments as relevant) to be made. If clubs require any assistance with any of the matters noted above, please contact the NZTR General Manager Finance.

### 13. Event tier

Event tier (refer list of events)	1	2	3	4	5	6
Funding per event	60,000	30,000	15,000	10,000	5,000	-

A number of race meetings will receive an additional event tier payment to help support the cost of setting up and hosting events. A list of the race meetings and their proposed event tiers is attached as Appendix Two, page 23 to 25. Event tier 6 meetings are meetings that are not categorised as events and therefore do not receive any event funding. There are currently 138 race meetings proposed to receive event tier funding.

The above table summarises the funding amount for each event tier. The more significant the event and the larger the crowd being hosted on-course, the higher an event will be categorised and the higher the funding amount the club will receive.

For the 2019/2020 season, the full amount payable under each tier will be guaranteed to clubs. During the season, clubs will be asked to undertake a self-assessment process using an Event Performance Measures and Assessment Checklist attached as Appendix Five. Clubs' focus should be on delivering a good customer experience each raceday and the checklist and process has been designed to act as a reminder each race day as to what needs to be done. This does not need to be submitted to NZTR.

Clubs taking ownership of the checklist and process themselves means the best possible outcome is achieved each race day from a self-audit programme. Under this process, unless there is complete failure to meet the minimum standards or due to repeated failures, there will be no impact on club funding.

Some additional aspects need to be noted:

1. The ranking of events remains based on on-course turnover and, secondly on on-course attendance as measured by the NZRB. There are instances where meetings have been ranked based on the overall impact of the funding model on clubs, to ensure as much as possible clubs were not disadvantaged by the transition to the new funding model in 2015/2016.
2. The ranking of events may change in future seasons depending on the growth or decline of these events and the self-assessment process described above.
3. Any Industry race meeting that is ranked Tier 5 or above is an Industry Event meeting and is eligible for the relevant meeting type and on-course commission funding per meeting. It does not receive the normal Industry funding for meetings that are not categorised as events, nor does it receive the tote services payment.

### 14. Iconic marketing funding

Funding of \$100,000 will be paid to each of the eight Iconic race meetings (Auckland RC 4 meetings, Hawke's Bay RI, Manawatu RC, Wellington RC, Canterbury Racing 1 meeting each) to support additional event management, marketing and promotional costs associated with these meetings and the carnivals run alongside these meetings. Payment of \$100,000 to each Iconic meeting will be conditional on clubs fulfilling obligations to support Love Racing and NZTR ownership initiatives in the promotion of these events. A template will be distributed by the NZTR marketing and ownership team.

## 15. Jumping support

A \$2,500 per meeting payment will be paid to clubs conducting jumping races to recognise jumping infrastructure and set-up costs. An additional \$1,500 per meeting (total of \$4,000) will be paid to clubs that hold five or more jumps meetings per season.

## 16. On-course commission

On-course commission	Iconic	Premier 1	Premier 2	Feature	Tier 2 Feature	Industry Event	Industry (not event)
% of on-course turnover funded per meeting	8.50%	8.50%	8.50%	8.50%	8.50%	8.50%	0.00%

A commission of 8.5% will be paid on total on-course turnover (all totalisator racing and FOB racing turnover) generated at all meetings, excluding Industry days that are not events. All Industry days that are not categorised as events (i.e. Event tier 6 Industry meetings) will not receive any commission on on-course turnover and will instead receive a fixed tote services payment (see Section 17 below).

## 17. Tote services

Tote services	Iconic	Premier 1	Premier 2	Feature	Tier 2 Feature	Industry Event	Industry (not event)
Funding per meeting	-	-	-	-	-	-	5,000

To recognise that a cost still exists to provide on-course totalisator services for industry stakeholders, owners and public attending, a flat payment of \$5,000 per race meeting to Industry meetings that are not events will be made under the tote services category.

## 18. Public Holiday funding

Public Holiday	Iconic	Premier 1	Premier 2	Feature	Tier 2 Feature	Industry Event	Industry
Funding per meeting	33% of the amount paid to tote staff hired for a public holiday up to a max of \$5,500.						

Where a Club races on either a public holiday or observed public holiday NZTR will pay the 33% of the amount paid to tote staff hired for the day up to a maximum of \$5,500. To be eligible for this funding the Club must provide to NZTR the payroll documentation confirming payment to tote staff. This must show the staff member's full name and the gross amount of earnings for the public holiday or observed public holiday worked by the staff member.

## 19. Race meeting charges to clubs

In order to provide transparency around the actual costs incurred to conduct race meetings, NZRB and NZTR pass on some race meeting related costs to clubs. The following fees will be charged to clubs in the 2019/2020 season on a per meeting basis:

Charge	Amount
NZTR race meeting service charge. (National Racing Bureau, handicapping, IT and other costs)	\$2,500 (plus GST)
NZRB race meeting broadcast charge. (Trackside and radio charges)	\$11,000 (plus GST)

Clubs will receive a quote for both charge types in advance of each race meeting and a charge item for both will appear on their Club Settlement Statement. NZTR will subsidise actual NZRB broadcast costs over and above those charged to clubs and will continue to pay other NZRB venue service charges on behalf of clubs.

## 20. Training venue operating subsidies

Training venues will receive a subsidy based on the percentage of national starts produced by each venue in the previous season (2018/2019). This payment recognises the contribution to the industry these venues make through the provision of tracks and facilities for horses in training. To reflect the substantial difference in starts produced between the top two training centres, a fifth tier has been added to this funding stream. The tiers and funding levels for this subsidy are illustrated in the below table:

Tier	% of National Starts Produced	Total Annual Subsidy
1	12%+	\$120,000
2	9% to 12%	\$70,000
3	6% to 9%	\$50,000
4	3% to 6%	\$25,000
5	1.5% to 3%	\$10,000

New training venues and upgrades and downgrades will be considered by NZTR on a case by case basis and may be subject to available funding in 2019/2020. All eligible venues will receive direct advice of this funding from NZTR at the start of the 2019/2020 season. All qualifying venues will receive their funding in two instalments, paid at the end of January and the end of July 2019.

### 3.3 OTHER

#### 21. Nomination, acceptance and scratching fees

Nomination and acceptance fees will be charged by NZTR and incorporated into the Funding Policy income. Nomination fees will be charged at \$50 (plus GST) for all Rating 72, Rating 82, Open Handicap and Feature Jumps races.

A nomination fee will **not** be charged for Maiden, 2YO, 3YO, 4YO, Rating 65, Special Condition races and Maiden, 0-1 win, Open Entry, and Restricted Open jumps races. However, a non-acceptance fee of \$50 (plus GST) will be charged to owners of horses that nominate but do not accept in a Maiden, 2YO, 3YO, 4YO, Rating 65 and Special Condition race and Maiden, 0-1 win, Open Entry and Restricted Open jumps race.

Acceptance fees of 0.75% (plus GST) of the total stake will be charged for all Rating 72, Rating 82, Open races and Feature Jumps races.

Acceptance fees will **not** be charged for Maiden, 2YO, 3YO, 4YO, Rating 65, Special Condition races and Maiden, 0-1 win, Open Entry, and Restricted Open jumps races. However, a scratching fee of 0.75% (plus GST) of the total stake will be charged to owners for any horse that has been scratched from a Maiden, 2YO, 3YO, 4YO, Rating 65 and Special Condition race and Maiden, 0-1 win, Open Entry, and Restricted Open jumps race.

Clubs will continue to set nomination and acceptance fees for all Group and Listed and Prestige Jumping Races, based on NZTR guidelines, and will receive the income from these fees.

#### 22. Policy for funding abandoned meetings and meetings with additional or deleted races

Appendix Four details NZTR policy in the event of an abandonment or part abandonment of a race meeting and the addition or deletion of races, with respect to each of the above funding streams.

#### 23. Other race day costs

Swabbing vets, swabbing attendants, raceday veterinarians and stenographers are employed and paid for by the RIU. In the event that the RIU assume the responsibility for the employment of other Raceday Officials, club and meeting funding may have to be reviewed.

#### **24. Conditions of funding**

The following conditions (further to those noted in other sections above) will apply to clubs in order to qualify for the funding under this policy:

- Clubs are required to comply with all conditions of the betting licence/s issued to them by the NZRB as part of the Final 2019/2020 Racing Calendar. In relation to Intellectual Property for receiving vision and audio and racing information, for the 2019/2020 racing season, NZTR supports the current arrangement whereby NZTR and Club racing vision, audio and data intellectual property is provided by agreement to NZRB to support NZRB's fulfilment of current commercial contracts, on a basis contingent upon development of a mutually intended agreement between NZTR and NZRB confirming and enabling NZTR's greater future freedom in commercialising NZTR and Club racing vision, audio and data intellectual property.
- Any races run in excess of the number granted under a club's licence in the NZRB Final 2019/2020 Calendar will need to be approved by NZTR, prior to withdrawal time.
- Any race with an early nomination and more than one withdrawal fee must be approved by NZTR, prior to advertising the conditions of the race.
